**REPORT OF THE FINANCE COMMITTEE  
ON THE  
EXPENDITURE OF THE RIDING, FOR THE YEAR 1850.**

---

**THE COMMITTEE REPORT,**

That the disbursements of the Treasurer for the past year, are less than the disbursements of the preceding year by £11,914 3s. 2d.

	£.	s.	d.
The disbursements of 1849 being	64,817	10	7
Do. in 1850	52,903	7	5

---

Decrease.....£11,914 3 2

They find the Treasurer has been reimbursed the following sums, viz:—

	£.	s.	d.
12,163 13 7 from Government on account of prosecutions for Felony at the Assizes and Sessions, the apprehending of prisoners and conveyance of transports.			
1,727 14 2 from the Boroughs of Leeds, Doncaster, and Pontefract, for general expenses incurred in the Riding, including maintenance of prisoners in the Wakefield House of Correction for the two latter Boroughs.			
2,448 0 0 for rent of cells in Wakefield House of Correction.			
2,820 1 1 for expenses of convicted prisoners in York Castle and Wakefield House of Correction.			
1,055 0 11 for fines and penalties imposed by Magistrates in Petty Sessions.			
3,423 7 0 for prisoners' earnings.			
470 10 11 for convictions on short weights, &c.			

---

24,108 7 8 total, which being deducted from the disbursements of 1850, viz:—

£.	s.	d.
52,903	7	5
24,108	7	8

---

Shows the expenditure incurred in the Riding to be...£28,794 19 9

They find a decrease in the number of prosecutions at the Sessions, viz:—

	£.	s.	d.
The number in 1849 being 696, average cost .....	7	12	8 <sup>1</sup> <sub>4</sub>
and in 1850 612, , , .....	7	11	6 <sup>3</sup> <sub>4</sub>
Decrease ..... 84	0	1	1 <sup>1</sup> <sub>2</sub>

They also find a decrease in the number of Assize prosecutions, as follows :—

	£ s. d.
The number in 1849 being 157, average cost .....	46 18 2 $\frac{1}{4}$
and in 1850      111,      ,,,      .....	35 2 9 $\frac{1}{4}$
Decrease ..... 46	11 15 5

The Committee are glad to observe a progressive diminution in the general expenditure of the Riding, and also in the cost of Assize prosecutions.

The Committee are of opinion that the allowance to Constables for conveying prisoners to gaol, needs revision and reduction.

The great facilities which the railways now afford from nearly every town in the Riding, and their known charges, enable the Committee to assess, with some degree of accuracy, what those allowances ought to be.

The Committee find that from one place, charges are made in the conveyance bill for subsistence of prisoners previous to committal, and in some instances a charge of 1s. per prisoner is made by the Magistrate's Clerk for the commitment, which is included in the conveyance bill.

In order to remove these discrepancies and to introduce regularity into the system, no amount for subsistence, clerks fees, expenses in obtaining the order, or any other item of expense, except conveyance, should in future be included in these bills.

The Committee recommend the following scale of allowances to Constables, to include every expense for conveying prisoners to York Castle or the Riding prison.

For one prisoner the sum of 6d. per mile.

One each additional prisoner 2d. do.

The Committee also recommend that the travelling allowance to Chief Constables to the Quarter Sessions be 2d. per mile, to Inspectors and all other Constables and Police Officers, 1d. per mile, as the Railway Acts allow the former to travel in the 1st class, and the latter in the 2nd class carriages, at the above rates.

The Committee are of opinion a considerable amount of expense might be saved by the adoption of a plan for some time carried out at Pontefract Sessions, by having the attendance of prosecutors and witnesses at the Sessions for the Middle Division on specified days, and they recommend that the prisoners committed from the Boroughs of Bradford, Halifax, Huddersfield and Wakefield, appear on the first day at Sessions, and the remainder on the second day, and that the Clerk of the Peace regularly insert this arrangement in the advertisement, except when specially ordered to the contrary.

## REPORT OF THE VISITING JUSTICES

OF THE

WAKEFIELD HOUSE OF CORRECTION, FOR THE YEAR  
1850.

---

The Visiting Justices have pleasure in recording their satisfaction of the efficiency of the discipline, the good conduct of the officers, (with one or two minor exceptions), and the cleanliness of the prison during the past year.

The buildings are in a state of good repair.

The number of committals during the year has been 3628, and the average number in custody 536, being a decrease of committals on the preceding year of 347.

The health of the prisoners has been remarkably good; the number of hospital cases being but few in comparison with former years, and the number of deaths only 5. The number of hospital cases from 1842 to 1849, was 12 per cent. of the number in confinement, whilst in 1850 it was only 8 per cent.

A new Dietary was introduced by the magistrates, with the sanction of the Secretary of State, in May last, based on the principle of giving a reduced diet to prisoners committed for short periods.

The expenditure for the year 1850 was £9,381 11s. 8d. as follows:—

		£	s.	d.
In Salaries	...	4280	4	6
Food	...	2328	14	11
Clothing and Bedding	...	745	7	5
Hospital...	...	142	13	10
Fuel and Lighting	...	482	19	7
Soap and Washing	...	343	5	9
Stationery and Religious Books	...	158	11	8
Sessions Expenses and Calendars	...	316	14	7
Sundries	...	582	19	5
		<hr/>		
		£9381	11	8

Showing a decrease of £2992 13s. 3d. on the last year's expenditure, or an average of £2 16s. 2d. per head. The low price of food and the diminished consumption arising from the absence of cholera, have in a great measure conduced to this decrease.

The average cost of each prisoner in 1850 was in

	£ s. d.
Salaries ... ... ... ... ... ... ...	7 19 $\frac{8}{3}$
Food ... ... ... ... ... ... ...	4 6 $\frac{10}{3}$
Clothing and Bedding ... ... ... ... ...	1 7 $\frac{9}{3}$
Other Expenses... ... ... ... ...	3 15 8
	<hr/> $\pounds 17\ 10\ \frac{0}{3}$

The Manufacturing and Industrial department of the Prison has been in a very healthy state during the past year, the earnings of the prisoners being unusually large. The net earnings have been in

	£ s. d.
Shoemaking ... ... ... ... ... ...	146 13 4
Tailoring ... ... ... ... ... ...	86 7 6
Mat-making ... ... ... ... ... ...	825 15 $\frac{0}{3}$
Joiners, Smiths, and other Mechanical trades ...	172 11 $\frac{3}{4}$
Sundry trades, as Wool Combing, Wool Dressing, Washing, &c. ... ... ... ...	732 9 $\frac{5}{4}$
	<hr/> $\pounds 1963\ 16\ 8$

being an average of £3 14s. 6d. per prisoner per annum.

This amount of £1963 16s. 8d., according to former mode of payment, would have appeared in the Treasurer's report for the following year, but the Visiting Justices have been enabled to insert it in the current year, by directing the Riding Treasurer to keep his account open until the earnings of the prisoners could be ascertained and paid over:—consequently, the Treasurer gives credit in his statement for this year, for the earnings of the two years 1849 and 1850.

The Visiting Justices find that the Prisoners in custody on the 30th March, as taken for the census, were born at the following places.

Yorkshire ... ... ... ..	354
Ireland .. ... ... ..	72
Lancashire .. ... ... ..	44
Nottinghamshire ... ... ... ..	15
Scotland... ... ... ..	14
Derby ... ... ... ..	12
Lincoln ... ... ... ..	11
Other Places in Great Britain	63
Foreigners ... ... ... ..	9

In order to ascertain how these numbers corresponded with the committals, the Visiting Justices directed a similar return to be made of the places of birth of all the prisoners committed the last two months, which are as follows :—

Yorkshire	...	...	...	...	344
Ireland	...	...	...	...	132
Lancashire	...	...	...	...	44
Nottinghamshire	...	...	...	...	6
Scotland	...	...	...	...	10
Derbyshire	...	...	...	...	8
Lincolnshire	...	...	...	...	6
Other places in Great Britain					68
Foreigners	...	...	...	...	6
<hr/>					624

The discrepancy which is seen in the number of Irish, between the tables "prisoners in custody" and "prisoners committed," is owing to the Irish being committed for short periods under the Vagrant Act, whilst the natives of Yorkshire and Lancashire are generally committed for a greater variety of offences and for longer periods, they therefore bear a nearer ratio to the number in custody.

CHAIRMAN.

**REPORT OF THE BRIDGE SURVEYOR.**

---

The Bridge Surveyor begs to state, that the 323 Riding and Wapon-take Bridges, together with 27 miles and upwards of road, upon, and at the ends thereof, are in good repair, with the exception of those ordered at these Sessions to be repaired. The expenses attending the same during the last year have been £2949 11s. 9 $\frac{1}{2}$ d. being £537 4s. 3d. more than the previous year, occasioned by the rebuilding of a part of Swallow Hill Bridge ; repairs to the Arches and Spandrels of Halton West Bridge ; and the Landstalls at Newton Bridge, and repairs at Shepley (Wood) Bridge, amounting in the whole to £550.

**REPORT OF THE COMMITTEE**

ON THE

REMOVAL OF SCOTCH AND IRISH POOR.

---

The Committee appointed at Wakefield Sessions, January, 1851, to revise the regulations for the removal of Scotch and Irish Poor, having met at the Court House in Wakefield, on Thursday, 27th day of March, 1851, agreed to the following resolutions :—

That in the opinion of this Committee it is not advisable at present to alter the regulations now in force, for the removal of Scotch and Irish Poor, except as to such Scotch and Irish Poor as are removed from the following Poor Law Unions in the West-Riding, viz :—

GREAT OUSEBURN,	SEDBERGH,
PATELEY BRIDGE,	SETTLE, AND
GREAT PRESTON,	SKIPTON,

And that as respects these Unions, the Scotch and Irish Poor instead of being sent to the Depôt at Huddersfield, be removed direct to Liverpool by such persons, and in such manner as the Justices of each District, in which such Poor Law Unions are situated, shall direct.

That in future the charges and allowances, for the removal and maintenance of Scotch and Irish Poor be as follows :—

To the Constable for conveying paupers to the Depôt at Huddersfield, or to Liverpool, as the case may be :

	s.	d.
Of one Pauper .....	per Mile.....	0 6
And for every additional Pauper above 12 years of age	0	1
If under 12 years of age .....	0	0 ½
To the Conductor for his time and maintenance...per day	10	0
Travelling .....	per mile	0 1
For the maintenance and lodging of each poor person above the age of 12, .....	per day...	0 9
Do. below the age of 12 .....	0	6
For the travelling of each such person, above the age of 12 .....	per mile ...	0 1
Do. below the age of 12 .....	0	0 ½
To an Assistant at Liverpool, for his trouble and time in assisting the Conductor to see such poor persons on board the vessel, each .....	0	6

CHAIRMAN.

REPORT OF THE VISITING JUSTICES OF THE HALIFAX  
GAOL.

The Gaol at Halifax having now become chargeable to the West-Riding, the Justices appointed to visit it, report as follows:—

During the year 1850, the number of persons committed to the Gaol was	349
The average number of days during which they were confined was	18 <sup>1</sup> /2
The greatest number of days confinement of any one person was	40
The least number of days confinement of any one person was...	10
The expence of maintenance of each person per day, including Salaries of the officers, &c., has been ...	1s. 1 <sup>3</sup> /4d.
Their conduct has been in general good	

In our opinion, the salary of the Governor, which is £80 a-year, is not adequate for the duty now required, and we recommend an increase of it.

The Chaplain, whose appointment is but recent, reports well of the attention paid to his ministrations.
